Mentoring by Allianz Cornhill - ESAP

From 2016 to 2018

Venue: at NISH campus

Allianz Cornhill Information Services (ACIS), Technopark launched a "Finishing School Training" to Degree HI students.

First batch started with 15 students of 4th year BFA (HI). Later they extended it to include students from BSc (CS)(HI) and BCom (HI).

A team of professionals from the company took out their valuable time to come to NISH and train the students. Sessions were of 1 hour duration and was more activity oriented.

Allianz  Cornhill

Mentoring

& ESAP, NISH

2016

Career Awareness Workshop by Enable India

Date : 26th May, 2016

Venue : NISH campus

Enable India team conducted the day long workshop for 30 final year students of NISH. The workshop provided the students with practical information on all aspects of employability for Deaf. The workshop was instructor lead with power point presentation, real world example videos, and group activities designed specifically for Deaf students in a highly interactive environment.

The students gained knowledge about the realities of the job market- what opportunities exist for Deaf, how they can prepare themselves for an interview and subsequently for the job, how other Deaf students have undertaken the journey from education to employment, what skills they need to learn and improve, what solutions are available for Deaf at the workplace and how they can access it, and what self-training they need to undergo and where to access it.

The students were then profiled with basic questions about: disability type and detail, contact information, future plans, willingness to relocate for job, ability to work in shifts, type of job they prefer, salary expectation, etc.

As next steps, the students were provided with information about Enable Academy which they need to access on a regular basis. Enable India will be emailing/SMSing the students with links to different courses/trainings on the Academy at regular intervals. This would ensure that the students are well prepared in the days to come and by the time they finish their academics and ready to apply for jobs they are well aware on all aspects of employability.

Enable India provided each of the students with Communication Cards and Employability Training Video CDs. All students were also awarded certificates for participating in the workshop.

4 month PAID INTERNSHIP PROGRAM

No: of students	:	13 final year students (5 BSc (Computer Science) (HI) & 8 BCom (HI) students)
Venue	:	Bengaluru
Period	:	Jan 16 to April 12, 2017
Stipend	:	₹ 13,380 pm

5 BSc (Computer Science) (HI) & 8 BCom (HI) students of 7th semester got selected for the internship programme by Thomson Reuters, a multinational mass media and information firm in Bengaluru. It was initiated by the Training & Industry Placement cell of New Initiatives Department, NISH.

This was a first-time experience of having 4-month long internship at a multinational company of the level of TR.

The internship was at Thomson Reuters from Jan 16 to April 12, 2017. As the students were doing their internship in their final semester in Bangalore, their semester classes were conducted off-campus in online mode. The classes were conducted in shifts as per the internship schedule.

List of students who worked as interns at TR:

LREP [Logical Reasoning Enhancement Programme] for competitive exams

LREP – Logical Reasoning Enhancement Programme, was planned to impart training to the deaf and hard of hearing students (DHH) for competitive exams including the government PSC exams and other technical interviews. This programme is included as a part of the regular timetable, with an hour in a week allotted towards it. The programme has been helpful to the students in preparing for job interviews and in appearing for PSC examinations.

Participants: S3 to S8, BSc (Computer Science) (HI) students

Period: from 2016

1. Demystifying Start-ups

Event Date: 23 January 2020
Organizer: IEDC NISH & YIP
Resource person/s: Mr.Nishant Nambiar CEO of Inforich technology

On Thu, 21 Jan 2021 at 10:19 PM, Joan Annie Jacob <joanan.bs17@nish.ac.in> wrote:

Dear all,

Greeting from NISH IEDC cell,

Startups. Have you heard this term? Of course yes, but have you wondered what it really means and did you know you can pursue your career in entrepreneurship? To give you an orientation on **startups** and basic terminologies associated with it, the IEDC cell at NISH along with YIP is organising a talk on "**Demystifying Startups**".

Time: 10:00am-11:00 am

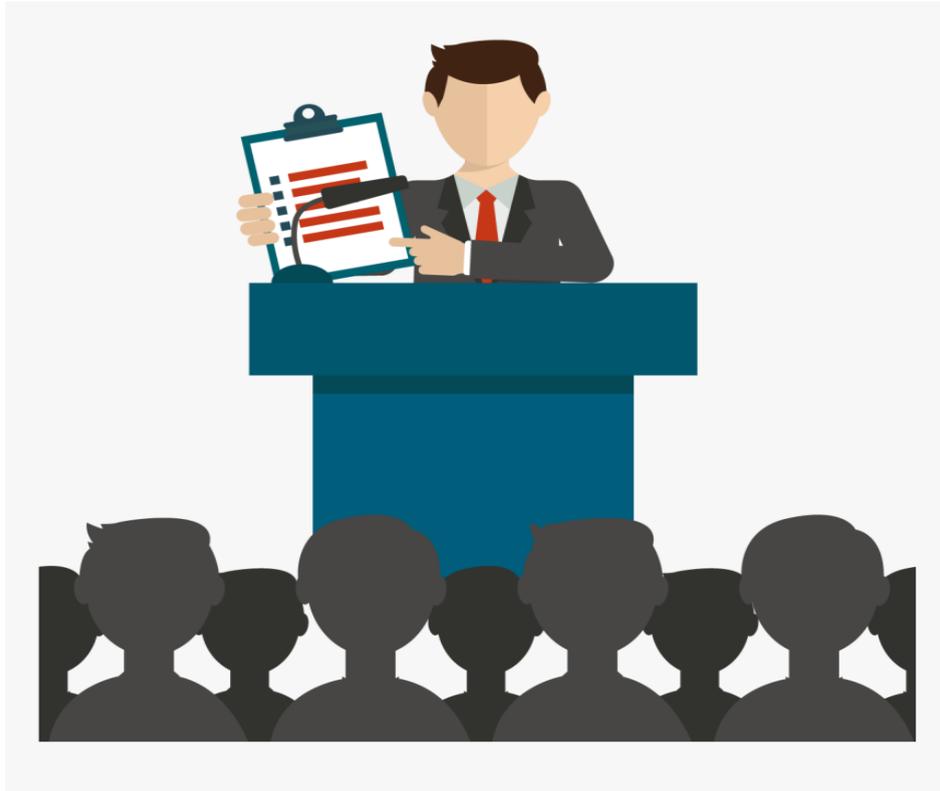

Date: 23 January 2020, Saturday

Platform: Google meet, use the link below to join the session on Saturday,
meet.google.com/ter-dfq-ccs

Mr.Nishant Nambiar CEO of Inforich technology will be our guest speaker.

Cordially inviting everyone for the session.

With regards,
IEDC team

2. **Workshop on Entrepreneurial skills**

Event Date: 11/03/2019
Organizer: IEDC NISH
Resource person/s: Speakers from other IEDCs
Participants: 130

Report:... It was an inclusive workshop designed at NISH for both hearing as well as deaf students on 11/03/2019. About 130 students participated in this workshop. The speakers for this workshop were from various IEDC cells all over Kerala and having their own start-ups. The students were really enthusiastic during the workshop. The objectives of this workshop were team building, idea pitching, and feasibility study of the idea. Our students were divided into 10 groups and all these groups generated excellent ideas and presented it to all.

ideation and thinking workshop series ▶ Inbox x

Aarathy R. <aarath@nish.ac.in>
to IEDC, NISH, NISH, Raji, Shirley

Sep 3, 2019, 10:24 AM ☆ ↶ ⋮

As a part of **IEDC Ideation** and workshop series -2, 58 students from both DHI And ASLP had shown interest to work together formed 5 inclusive groups with ideas. The 2 day workshop provided them an informal space to understand what entrepreneurship was all about and to explore their ideas, the 2 day program was held on 31 August 2019 and 1 September 2019 by CEO of Eventoz Mr. Thomas Varghese and a team of 5 engineering graduates. All students participated and presented their ideas as inclusive teams. These ideas were fine-tuned with business model canvas and prototypes. These ideas will now be discussed in **IEDC/YIP** platform for taking it forward.

It was wonderful to see the way student's involve and sink with each other in an inclusive manner and changed their perspectives when they were asked to shift from problem mode to a solution mode. From the student feedback it was clear that this program had made some changes in them. I think more students would benefit from such workshops which makes them think beyond their books.

I would like express my sincere gratitude to Dr Sathesh Kumar, Shirley mam, Team **IEDC** for providing an opportunity to organise this program. I would like to thank Hasna mam, Amith, DHI & ASLP Department, IT department and students for all the support they extended for the conduct of the workshop.

Thank you

Thank you,

Aarathy R

7. Foundation Skills in Entrepreneurship

Event Date: 18 September 2019 to 19 September 2019.

Organizer: Kerala Startup Mission, ICT Academy of Kerala, NISH

Resource person/s Mr. Nithin Das.

Report: The "Foundation Skills in Entrepreneurship" program was conducted at the National Institute of Speech and Hearing, Trivandrum by the ICT Academy of Kerala from 18 September 2019 to 19 September 2019. 2-day workshop led by Mr. Nithin Das.

The first day of the training program focused on identifying problems or opportunities/ideas around us. Students are split into 5 groups, and they work on the empathy map where they identify the user's stakeholder and activities. From that, they identify the problem they want to solve. Along with that, they went through the product development cycle, in which they work on both business feasibility and technical details.

On the second day, each group needs to study more about their problems to work on a business canvas. In that session, they identify who are the main key partners, what are key values they need to focus on, also gone through customer segmentation, how to manage customer relationships, revenue streams, and cost structure.

All groups came up with different ideas, which they had to present before others. Overall the students felt that the 2-day workshop was beneficial and helped the students to be more confident, the group discussions helped the students to think about various perspectives of the product they designed which helped them to modify their product.

Participants: 42 students

Coordinator: Amith G Nair
