The coordinator presented to the members the minutes of the second IQAC meeting for approval.

The minutes were approved as presented.

Agenda Item : 02: To develop action plan for the year 2015-16.

The first draft of the action plan for the year 2015-16 was made. It is as follows:

Academic

- ✚ Develop NISH policy, mission and vision
- ✚ Arrange atleast four in-service training to teachers
- ✚ Implement Google class room
- ✚ Ensure all academic staff undergo atleast one FIP/MOOC Course
- ✚ Implement Students' skill matrix
- ✚ Conduct Staff Evaluation by the end of each semester
- ✚ To ensure that each dept submit proposals to UGC/International Organizations to avail of Minor or Major Research Projects
- ✚ To publish an annual multi-disciplinary research journal with ISSN
- ✚ Compile the seminars by DHI students and form a video archive.
- ✚ To develop a criteria to determine teacher quality.

Non academic

- ✚ *Create alumni database with course wise group id and provide a link/page on NISH website.*

A number of questions were asked and extensive discussion ensued to develop criteria to determine teacher quality. Decided to determine the teacher quality by rationalizing the workload of teachers, which will help to improve the quality of teachers. A subcommittee was constituted with Dr Suja Kunnath, Ms Chithra Prasad, Ms Praveena and Ms Shirly as members to determine ways to find out the workload of teachers.

Prof Vijayakumar to handle a faculty improvement session on the topic "*Teaching and teachers in higher education today*" to all teaching staff on Nov 6th from 1.45pm to 2.45pm.

Ms Chithra to constitute a committee for alumni database development.

Ms Raji N R was entrusted to compile the seminars by DHI students and form a video archive.

Minutes

Agenda Item: 01: To confirm the minutes on 3rd meeting of IQAC.

The coordinator presented the minutes of the third IQAC meeting for approval. The half yearly analysis of plan of action for 2015-16 was presented. Regarding the implementation of Google classroom management system, ED raised his concern and enquired the effectiveness and decided to hold a discussion session for the teachers to find out its effectiveness in being used for managing classes for both academics and administration. Till now 13 staff have completed one MOOC course. ED reminded that NISH will reimburse 49\$ to 99\$ fee per course for one teacher annually. He also said this will be taken into account during performance appraisal of the employees. For analysing the staff evaluation, Ms Shirly requested a support. It was approved and permission granted to get assistance from Ms Vidhya, Computer Lab Asst. ED suggested to motivate the various depts. And to submit research projects to UGC. ED raised his concern about publishing research journal annually. It was decided to compile CC/JC articles of ASLP. Ms Sreedha Sreedhar was entrusted.

The minutes were approved.

Agenda Item: 02: Ms Chithra to update the outcome of the subcommittee which is formed to determine ways to find out the workload of teachers and to discuss about it.

Ms Chithra presented the google format developed by the subcommittee. As the feedback from the teachers who participated trial run was that it is time consuming, the committee suggested that instead of start time and end time, duration can be given. In order to reduce the number of fields, it can be made in a tabular format/matrix, which will be less time consuming, simple and can be done at the EOD. Ms Chithra to modify that send to the committee members for approval.

Agenda Item : 03: Ms Chithra to update steps taken for alumni database development and Ms Raji N R to update steps taken to compile the seminars by DHI students and form a video archive.

Ms Chithra complained that the alumni are not showing the expected response. The committee entrusted Ms Praveena and Ms Chithra to identify ways to develop database.

Ms Raji updated that the seminars of four students were video recorded. Remaining students' were not recorded as they were not up to the mark. These will be kept in the library as video archives.

Agenda Item: 04: To discuss the readiness for NAAC

1. Shirly updated that in order to give awareness about the SSR , its video recording is being taken. The presentation by SSR team members are being interpreted by HEFP team. This will be shared with staff as well as students very soon.
2. ED updated about waste management committee formulated recently

3. ED also updated that AO is doing the necessary for sign boards.

Agenda Item: 05: To develop criteria to find out the outcome of the feedback from different stakeholders.

NISH uses the following formats to collect feedback from its stakeholders.

1. Students & Parents complaint register
2. Service feedback form
3. Feedback about student clinician
4. NISH- Student's Grievance registry
5. Dalit redressal (Register & link in website)
6. Staff Evaluation

Actions taken and / or to be taken

1. Students & Parents complaint register- Ms Daisy to initiate action and make sure that the HOD of the concerned dept takes appropriate action.
2. Service feedback form- Social worker in the reception to check for any complaint once in 2 weeks and report to the ED for taking appropriate action.
3. Feedback about student clinician by clients- Complaints are to be checked by one social worker and a senior faculty and appropriate actions similar to assigning another clinician to that client is taken.
4. NISH- Student's Grievance registry- Ms Daisy to take action as per students' entitlement by UGC.
5. Dalit redressal (Register & link in website)- Ms Daisy to take action as per students' entitlement by UGC.

Curricular aspects

ASLP

The entire curriculum of BASLP and MASLP was changed to Choice based credit system (CBCS), by adopting an internationally acknowledged system to allow the flexibility in education system, so that students depending upon their interests and aims can choose interdisciplinary, intra-disciplinary and skill-based courses. Minimum marks were included both in clinical practicum and theory papers. Skill matrix was started for students in clinics. Induction program with a detailed sessions on critical thinking and scientific writing was included there itself. Parental induction program for improving the quality of students getting admitted into BASLP course was done. Google classroom is used by all students and staffs. Students are given MOOC course for improving their scientific knowledge.

Every week half a day(Friday afternoon) has been allotted for the students for educational activities like product launches/lectures on specific topics by expert faculty and Journal Club/ Clinical Conference.

Degree (HI)

Google classrooms were introduced to students and staff. Both students and staff were trained in the same. The main usages include assignment submission, class note sharing, making announcement and conducting online quizzes. The peer tutoring sessions were extended to all subjects. Introduced Monthly class plans for each subject .The monthly reports by teachers were monitored by class coordinators and In-charges of each course with respect to the monthly plan. Implemented Skill matrix that constantly monitors the different abilities of each student which includes his time management skills, compliance skills and learning skills. Double evaluation method has been adopted which reduced valuation errors and maintain the accuracy. Students were motivated to attend the workshop conducted by other institutions. The 2013 batch students attended National workshop on 'Android Development' organised by AJ institute of Technology. Students are encouraged to join online open source software MOOC and six students passed the online course on Linux conducted by IIT Mumbai as part of spoken tutorial project. All students are encouraged to join MOOC and an hour is allotted for this in the time table. The students who completed the MOOC presented the course contents in the class.

Teaching, Learning and Evaluation

The 2013-17 batch students attended National workshop on 'Android Development' organised by AJ institute of Technology in March 2016. Six students of 2013-17 batch passed the online course on Linux conducted by IIT Mumbai as part of spoken tutorial project in March 2016. Latest online learning platform like Google classroom was introduced in June 2015 for assignment submission, class note sharing, making announcement and conducting online quizzes. Introduced Monthly class plans for each subject from June 2015 onwards. Implemented Students Skill Matrix from June 2016. Double Evaluation method has been adopted from December 2015 semester exam.

Orientation to DACE was conducted for deaf students in schools, their parents and teachers of deaf schools in the state on April 11, 2016. HEFP department initiated the preparation of Ebooks for teaching English stories in class from January 2016 onwards. Extended break was provided on Friday for integrated activities like practice of the National Anthem and other songs etc from June 2015 onwards. For the staff, research methodology class was conducted

Research, Consultancy and Extension

During April 2015 to march 2016, the following research activities were carried out at NISH. Department of Computer science has conducted a 3 day National Workshop on Research methodology from September 28-30, 2015. Department of Audiology and Speech Language Pathology conducted 3 day Audiology International Masterclass Series from December 4-6, 2015. The department of Early Intervention program conducted 2 day CRE program on Introduction to Disabilities from March 8-9, 2016. Two papers from Cochlear Implant Unit were accepted for poster presentation at 33rd World Congress on Audiology. Three papers were presented by Ms. Saumya Sundaram, of Department of Audiology and Speech Language Pathology at the Pacific Rim International Conference on Disability and Diversity in Honolulu, USA.

Infrastructure and Learning Resources

Library functions are automated. Books, dissertations, project reports and journal were barcoded. Old computers are replaced with new computers with better facilities. The number of books and e journals have increased. All the classrooms are equipped with high capacity UPS. Seven non-working projectors were replaced. Staff name boards have been standardised and fixed at the required positions. Bio gas plant was enabled. A snack/coffee kiosk in the main building have been installed and is running effectively. RO plant was commissioned for the continuous supply of

drinking water in the campus. Water authority connection have been converted to Japan drinking water project for the continuous supply of drinking water.

DISABILITY CENSUS KULATHOOR 2015

NISH conducted a disability census in Kulathoor ward of Trivandrum. There were three objectives in the project: a) to record accurately prevalence of Person With Disabilities (PWD), b) To screen and record data related to children's developmental disabilities accurately, c) To formulate a census model to gather accurate data about person with disabilities. Degree students at NISH who study various aspects of disability and conduct clinical assessment and therapy were involved as enumerators in the process. All MASLP students, third year and second year BASLP students were recruited to conduct the census. There were 75 students involved and they divided into a team of two each. It was considered as part of their clinical practicum and counted with hour of requirement.

The census had three phases to ensure the accuracy of data collected. In the first phase, data about PWD collected from the house visit. In the second phase enumerators visited the schools where children from the census area study, to ask whether teachers observed any behavior that indicate a disability. It was done with a basic tool which determine disability. In the third phase, Identified children from school screening were asked to report at NISH for an advanced assessment and the same did later.

The census was on September 2015. It was a great job done by the students which brought lots of learning experience and also they could generate awareness among people about various disabilities. They spent 48 to 52 hours in the field as part of the census. Enumerators collected details of 5534 persons from 1493 houses and also they visited 31 schools in Trivandrum for the initial screening of 623 children. It is found in the census that disability prevalence in the area is 4.5% which is comparatively greater to state percentage of 2.32%. The census report has been submitted to Social Justice Dept. Gov. of Kerala.

Governance, Leadership and Management

Seven storey building Thejus is nearing completion. RO plant was installed. IP cameras installed in therapy rooms. Initiated installation of 114 IP Cameras for surveillance and Monitoring.

Initiated networking in the new building and initiated upgrading network switches in old building. Purchased additional 2 servers and 2 UTMs, which ensure redundant service. ICT like PCs, Smart Boards, Projectors and Instrumentation like clinical diagnostic audiometer Piano Inventis with PTA, VRA and special tests, one BERA Diagnostic instrument Biologic Navigator Pro with all early, middle and late potentials (eg P300) as well as the VEMPs is procured for enhancing the efficiency of the audiology clinic. Apart from this for enhancing research opportunities, Biologic Scout Sport - OAE diagnostic instrument (measuring facility of 100 point per octave) and one OAE screener were purchased during 2015-2016. Rs 490.76Lakhs collected as corpus fund. Clean drive was organised on 4/3/2016. All staff and students participated.

Innovations and Best Practises

KELP

KELP is a programme started with the aim of providing a platform for enhancing professional and general knowledge for staff through various tools available online and offline. It is intended to motivate the staff to utilize the available online resources effectively. This includes sharing the interesting TED Talks, information about MOOC (Massive Online Open Courses), YouTube videos etc. Also KELP intends to start KELP - Dialogue where interactive sessions on specific topics are organized regularly. Regular meetings are organized to foster knowledge transfer. NISH Project Board has approved MOOC course fees to be reimbursed to staff who takes approved MOOC courses and applies for certificates. The KELP committee oversees evaluation and approval of MOOC courses at NISH. It is mandatory for each staff member to complete one MOOC course of interest every year.

- ✚ Start a single club for cultural activities including film fest. Need not have another club

namely Film club. Different similar activities to be clubbed and brought under one umbrella. For example Soft Skill Sessions-SSS, Logical reasoning enhancement programme-LREP to be brought under KELP. This will make documentation simple. They may have different objectives. It has also been decided to intimate the conveners and coordinators of various clubs and committees to document the meetings, activities so that there will be ownership, sustainability and next person who takes the charge will get a better knowledge about the objectives and activities done so far.

- ✚ The outcome of conducting a student organized seminar should be developing a conference and not to enhance the organizational capacity of students.

- ✚ To reword the objective of HEFP as follows.

To ensure that the new curriculum for HEFP for improving English language skills in reading, writing and comprehension and numerical ability is periodically reviewed for effectiveness.

- Considering the importance of eliminating Soft skill gaps, it was decided to arrange SSS frequently.

Agenda Item: 05: Student representatives to share their suggestions for discussion

ASLP representative requested to make available more number of copies of text books in the library.

Now only two copies are available for most of the important text books. Also the language level of some books are very difficult for all the students to understand. Hence she suggested that library should store books by different authors for the same subject.

DHI representative requested to inform the commerce teachers to prepare notes using simple sentences and to avoid complex sentences which the deaf students find very difficult to study. She also said the CS staff use simple sentences.

Agenda Item: 06: Any other item with the permission of chair

Shirly informed that she did not include discussion on AAA as one of the agenda as decided in the last meeting because she researched and understood that it is to be done by departments under a University and NISH being an affiliated college need not do AAA.

It is also decided to convene next meeting on last Thursday of November at 3.30pm. Coordinator thanked the members for attending the meeting. The meeting was adjourned.

Ms Shirly welcomed everyone to the meeting and presented the agenda.

Minutes

Agenda Item: 01: To confirm the minutes on 7th meeting of IQAC.

Committee approved the minutes.

Actions taken for the decisions made during Meeting:7 were updated by the coordinator. The committee suggested the following.

1. A senior clinician from ICCONS or any other centre to audit/review the clinical procedures annually as part of clinical audit
2. The faculty members to identify balance between teaching and attending meetings. Ms Chithra suggested that this will be solved once we identify the workload of NISHians.
3. SEPS to be extended to DISLI students. To teach signs for technical terms to DISLI students
4. To compensate missed classes while attending talks or training by conducting classes on Saturdays. Hereafter HoDs to choose programs before permitting the students.

Ms Parvathy presented the format developed by the subcommittee for benchmarking the activities and it was approved.

The format is as follows

Key Aspects	Sub Aspects	Benchmarks	Attained/Not attained	If not attained, why?

Agenda Item: 02: To decide the deadline for submission of AQAR and discuss about uploading the IQAC minutes, AQAR in NISH's website.

The criteria owners to submit the report to the coordinator on June 29th, 2017. Coordinator requested the support of HoDs for the same. Newly included member Ms Sindhu, Head, EIP was welcomed. It was decided to include Dr K G Satheesh Kumar, Director, CATI in the IQAC.

Agenda Item : 03: To discuss the status of quality circle in NISH and to decide how to take that forward.

- . Prof VijayaKumar
- . Ms Daisy Sebastian
- . Ms Chithra Prasad
- . Dr Suja Kunnath
- . Ms Anju V J

A quorum of members were present, and the meeting, been duly convened, and proceeded with a discussion. Ms Shirly welcomed everyone to the meeting and presented the agenda.

Minutes

Agenda Item: 01: To confirm the minutes on 8th meeting of IQAC.

Committee approved the minutes.

Agenda Item: 02: To devise mechanism to capture data necessary for AQAR digitally. Assigned Ms Shirly to develop a structure to collect monthly data.

Agenda Item : 03: To discuss the status of quality circle in NISH and to decide how to take that forward.

The committee noted that informal meetings are happening in all the departments. Improvements and changes to be made are discussed periodically by them. But nothing is documented. Executive Director commented that documentation is the weakness of NISH. Documentation needs to be part of the culture. As these improvements made are innovations, documentation of the outcome is very important. Dr KGS said. It was decided to urge the departments to devise simple ways to document the changes and innovations tried or implemented. This should reflect in the QSP too.

Agenda Item: 04: To discuss the role of IQAC to ensure the effective functioning of various committees in NISH

A subcommittee constituting Ms Sreebha Sreedhar (convenor), Dr SreeKumar, Dr KGS, Ms Shirly was constituted to devise mechanism to identify the effectiveness of the various committees in NISH. The mechanism should check the existence of non-active committees, effectiveness of committee, improving the quality of committee, collect yearend status report in a common platform.

Agenda Item: 05: To discuss the role of IQAC in Academic and Co-curricular programmes and to set parameters and benchmarks.

HODs to identify one interesting area and create benchmark and then proceed with other areas or activities. IQAC developed and approved format should be used for the same. In future, Dr Sreekumar who have a lot of industry experience and hence have a lot of ideas and Dr Ajimsha, NISH alumni who has abundant exposure should be invited to join the meeting atleast via skype. Dr VijayaKumar who could not attend the committee through an email repeated what he always says. "As an academic I feel that ultimately quality will be delivered if all teachers bring quality to their work. The job of the administrators is to ensure that the right conditions for this are available at NISH". It was read out loud by the coordinator.

Agenda Item: 06: To collect suggestions from students' representatives and Alumnus.

Ms Maria M Reji, ASLP representative requested access to computers till 5.30pm initially. It was discussed and decided to arrange one lab assistant to stay back till 5.30pm. S/he can avail one hour LP on his after office duty day. Also decided to mandatorily ask all students to own laptop while joining NISH. Sponsors/scholarship should be arranged by NISH for students from economically poor family. Vendors should also be invited to supply laptop on instalment basis to NISH students. She also requested to start a stationary counter. It was decided to approach the SHH to start a counter. To entrust Mr Prasanth and Mr Vikranth to think and come up with ideas to start a counter in NISH if SHH is not willing to start one.

Agenda Item:07: To discuss the status of decisions made during the last academic year.

Ms Shirly presented the report. All decisions except two have been implemented. Ms Praveena was assigned once again to organise clinical audit. The following persons were suggested by Dr Sam as auditors hoping they can give creative inputs. Dr Ajith Kumar, Mr Sameer, Dr Sridevi , Dr Ajeesh. Some of the visiting faculty from Universities abroad may be asked to review our operations to gain input from a different perspective.

Ms Raji N R to take action to merge similar clubs/committees.

Agenda Item: 05: Any other item with the permission of chair.

Annexure:1

Presenters: Ms Sreebha, Ms Raji Gopal, Ms jeena Mary Joy

Discussion:

1. Ms Sreebha Sreedhar explained the format developed by the subcommittee to check the effectiveness of the various committees in NISH.

Performance matrix format:

Name of the committee:

Convenor:

Frequency of committee meeting:

Attributes	Expected Outcome	Attained Outcome	Issues & concerns
Accomplished objectives			
Best Practises			
Innovations			
Problem Solving			

- Accomplished objectives refers to goals or activities planned by each committee.
- Best practices involves one or two activities which they think to be best practice.
- Innovations refers to innovative activities or goals they have implemented
- Problem solving involves the strategies they have taken to solve the problems they have encountered during execution of their activities.

All these four attributes need to be explained in terms of expected outcome (the outcome that was expected while planning that particular activity or goal), Attained outcome (outcome attained after completion of that activity), Issues and concerns(encountered during the activity).

2. Ms Raji Gopal and Ms Jeena Mary Joy explained the benchmark set by them for one process each.

Ms Raji chose to present Peer Tutoring done by DHI students. It is as follows,

Key Aspects	Sub Aspects	Benchmarks	Attained/Not attained	If not attained, why?
Peer Tutoring	<p>1.To provide learning assistance to students in a particular academic subject or skill area</p> <p>2. To provide tutors with a constructive mechanism to consolidate their own knowledge in a particular subject or skill area</p>	<p>1.Each student needs to take at least 3 peer tutoring sessions in 3 different subjects in each semester</p> <p>2. The peer tutor must get a grade of B or above by a minimum of 70% of his peers.</p> <p>3. Each student should have a minimum of 3.5 points in skill matrix</p>		

Instead of one-to-one, peer tutoring at NISH is conducted for the whole class.

3. Ms Jeena presented the benchmarks set by ASLP department for BASLP program.

Key Aspects	Sub Aspects	Benchmarks	Attained/Not attained	If not, Why
BASLP	To create competent professionals to provide services to persons with various communication and swallowing disorders	Produce clinical independent and competent (as assessed on Clinical Skill Matrix) professionals to provide services to individuals with communication and swallowing disorders.		
		Produce professionals with sound theoretical knowledge to be applied in clinical practice (assessed based on consistent above average performance in Internal and University Exams).		
		Active engagement of students in basic evidence based clinical practices as evidenced by a minimum of 2 poster/oral presentations in national/international conferences from each class		
		Active engagement of faculty in research initiatives as evidenced by minimum of one publication in peer reviewed journals		
		Constant upgradation of knowledge by faculty by attending a minimum of one advanced workshop in specific domains of clinical practice		
		Each faculty to attend minimum of one MOOC Course on pedagogical practices in an academic year.		

The committee noted that two poster/oral presentation by one class cannot be set as a benchmark for the whole class.

It was also discussed about the budget allocated for each department for attending and presenting in conferences. Executive Director expressed his concern about the utilization of budget by each department.

Annexure:2

3. Mr K C Deepak
4. Prof Vijaya Kumar
5. Mr Gopakumar

A **quorum** of members were present, and the meeting, been duly convened, and proceeded with a discussion. Coordinator welcomed everyone, and presented the agenda.

Agenda Item: 01: To confirm the minutes on 16th meeting of IQAC and to discuss the actions taken.

The committee approved the minutes. Ms Shirley updated the action taken for the decisions made during the 15th meeting. The committee reminded the coordinator to circulate the report of the action taken to the members, which she normally does and now misses.

Ms Shirley verified whether the team that established the guidelines can be members of the award team. The committee discussed this and decided to choose a new team, with one member for each award from the department concerned. Since the number of students in DHI classes is now smaller, for all three courses together, only one award will be considered. Separate awards will be given to students in separate programmes as all seats are filled and hence the number of students increases. This team will be operational for three years.

Ms Shirley updated the Committee that the interpreter consultancy is being approved by the COG and the COG agreed to entrust Ms Raji Gopal with the implementation on 7 October 2020.

Agenda Item: 02: To update the committee the NAAC team expansion and the revised NAAC training and decide the participants for the training.

Ms Shirley announced that the validity of the existing NAAC certification will expire on July 10, 2021. The NAAC team currently consists solely of 7 members. On 7 October 2020, the COG

agreed to increase the team and proposed a team of 21 members. The existing 7 members will serve as advisory members and the new 14 members will be responsible for the entire process of certification, the conduct of academic and administrative audits, the preparation of SSR, AQAR, etc. This 21 member team has been formed for 5 years..

It has also been updated that training will soon be organised to raise awareness of the revised NAAC guidelines. It was also examined whether the training could be attended by additional members. And it was agreed that Dr. Vinitha, Ms. Raji Gopal, and Ms. Sindhu should be asked to choose participants for training.

Ms Shirly also called for an employee to be identified to upload the data to the NAAC portal. She nominated Mr Jismon Mathew. Ms Rejitha has accepted to check and get back.

Identifying and naming a consultant for the editing of the SSR prepared by the NAAC team was also addressed. It was agreed to verify with FO and seek the support of Pr Vijaya Kumar to identify a person for the same matter.

Agenda Item: 03: To discuss about devising a mechanism to do different levels of mapping like program and course mapping, assessment and course mapping etc

It was agreed to confirm with Dr Vinitha and Ms Raji the importance of this. IQAC should arrange a training session, if necessary.

Agenda Item: 04: To collect suggestions to improve the accomplishments of the set objectives.

For this, it was agreed to constitute a subcommittee.

Agenda Item: 05: To collect suggestions from members, alumnus, and students' representatives.

Ms Raji Gopal urged the organizing of FDPs by IQAC. For this, it was agreed to constitute a subcommittee.

Agenda Item: 06: Any other item with the permission of chair.

The deadline has been set at one month after the lockdown has been lifted. .

Agenda Item: 05: To collect suggestions from members, alumnus, and students' representatives.
Mr Deepak raised several concerns.

1. Issues while remitting fees online

Ms Raji Gopal stated that it has been brought to her attention previously as well. Some students complained about paying tuition fee twice due to error messages they received while making online payments.

FO assured that any additional funds paid will be reimbursed or deducted from next semester's expenses.

Dr. Satheesh Kumar recommended that introducing a structure whereby a student with a roll number of 7 can pay Rs 6000.07 and a student with a roll number of 23 may pay Rs 6000.23 will make it easier for finance to identify the student. This will allow for quick remedial action.

2. College union members to be reconstituted

He was promised that NISH would adhere to the university's directives.

3. KU insisted on 2 hours of online theory class. But DHI is taking 4 hours per day

Ms Raji Gopal clarified that Due to internet issues, the students' classes have been reduced to four hours. KU requires 6 hours of class every day as per the new circular. Therefore, classes are also taken in asynchronous mode.

4. Because he is about to finish his course, he should be replaced on IQAC by another student

The IQAC coordinator agreed to find a replacement member for him once he finishes his course.

5. 4,6,8 semester results are not published

DHI will follow up with KU. Delayed due to the pandemic lockdowns.

6. Odd semester results are also not published

DHI is currently working on it. Delayed because of the double valuation and teachers are unable to exchange the answer booklets due to the pandemic lockdown.

7. Internet problems at home

Because NISH is unable to assist, DHI faculty are taking alternative measures such as recording classes and posting them in the google classroom .This allows students who are unable to attend online classes to learn whenever the internet is available.

Dr. Satheesh Kumar proposed having synchronous and asynchronous classes.

8. International deaf day prizes not distributed to all winners

Ms Raji Gopal assured to consult with college union representatives and take appropriate action.

Dr Anu Mukund informed the need to constitute the following three committees

1. Committee for Observing Constitutional Values

Objective is to sensitize students and employees of NISH to the constitutional obligations: values, rights, duties, and responsibilities of citizens along with the various activities in the NISH for inculcating values for being responsible citizens as reflected in the Constitution of India.

Decided to constitute a committee.

2. Code of Ethics and Conduct Cell

To expand the objectives of the Eth-Ex committee to include the functions of this cell.

3. Gender Equity Sensitization Cell

Objective is to promote gender equity, its sensitization in curricular and co-curricular activities, provide facilities for women on campus, etc. and also to have a yearly annual gender sensitization action plan.

Decided to constitute a committee.

Ms Soja informed that certain audits like energy audit, green audit are mandatory for any college. The committee asked her to proceed with the process under the monitoring of the Green Protocol Compliance Committee.

Ms Daisy checked if we can adopt the ZOOM platform for teaching-learning as most of the deaf staff and students prefer this as it is more accessible for them. It was discussed and decided to procure a license with the consent of the system administrator.

Agenda Item: 06: Any other item with the permission of chair.

1. Collect QO within two weeks

2. Identify awardees now and present them with certificates or awards on NISH Day.

Coordinator thanked the members for attending the meeting. The meeting was adjourned.

Shirly G, IQAC Coordinator
